

# Do you use a BIN COLLECTION SERVICE in Westmeath?

If so then you'll need to know that Bin Tags are no longer acceptable because Household Waste Collectors are obliged by law to move to an incentivised payment scheme.

This means that you must arrange an agreed payment plan with your Waste Collector to have your household waste collected.

If you have purchased tags that will not be used by 1<sup>st</sup> March 2018, you should contact your Waste Collector to arrange a credit to be placed on your account.

All waste collectors are required to provide a brown bin for food/organic waste in localities with a population greater than 500 people. This will help you divert waste from your black bin and reduce your costs as the brown bin is cheaper.

## YOUR BROWN BIN CAN TAKE ALL THESE MATERIALS!

Meat, poultry & fish

Shellfish & bones

Egg & dairy products

Fruit & vegetables

Bread & baked goods

Grains & cereals

Plate scrapings & scraps

Coffee grounds & tea bags

Compostable plates & cups

Paper towels & napkins

Cardboard  
i.e. - Egg boxes

Contact your  
Waste Collector  
today and plan  
to save on your  
waste disposal  
and protect the  
environment.
